Profile (ID)

(deposits/withdrawals)

TOURNAMENT: each tournament starts when 10 registered players are reached and once started it lasts 24 hours. Players can try to improve their time throughout the tournament by using other tickets, but be warned, any attempt will void the previous time.

GAMEPLAY

COMMANDS:

A and S or arrow keys to move left or right

Space bar to jump and 2 clicks to double jump

Capture stars to get a restore point

Lives are infinite

ATTENTION: closing the browser or updating the page (even by clicking on the menu) causes the loss of the game in progress

REWARDS AND WITHDRAWALS

POOL PRIZE: In BoxRush, the fastest 20% of players to clear maps share the prize pool.

WITHDRAWAL: it is possible to withdraw upon reaching 3 HUBT, which will automatically be converted into 3 USDT and sent to the wallet connected to the game.

Withdrawals are handled manually and can take up to 24/48 hours to process, but generally the wait is short.

A small fee of 3% is applied to the withdrawal and a withdrawal can be requested every 3 days.
